

**AFRICA CENTRE OF EXCELLENCE
CENTRE IN PUBLIC HEALTH AND TOXICOLOGICAL RESEARCH
UNIVERSITY OF PORT HARCOURT**

POSTGRADUATE ADMISSION INTO THE 2021/2022 SESSION

Applications are invited for suitably qualified candidates for the underlisted courses administered in the Africa Centre of Excellence in Public Health and Toxicological Research (ACE-PUTOR). ACE-PUTOR is a Centre of Excellence established to produce highly skilled and motivated public health professionals through cutting-edge research tailored to address health impacts of oil and gas activities and contribute to building the human resource and knowledge base for development in Africa.

Corporate Profile

OUR VISION

To be a centre for innovative research and academic training, recognised for local relevance, international excellence and global impacts in public health, toxicology, and nursing sciences.

OUR MISSION

To provide an enabling environment for students and faculties to discover and nurture their full potentials in delivering innovative research and human capacity development.

OUR OBJECTIVES

1. To develop and effectively manage relevant postgraduate programmes in public health, toxicology, and nursing science.
2. To deliver relevant short courses in public health, toxicology, and nursing science to mid-career professionals.
3. To enhance participation of students and faculties in internships & exchange experiences.
4. To develop local, regional, and international partnerships and linkages with industries, public sectors, and academic institutions.
5. To implement priority interventions focused on remediation of developmental challenges related to public health, toxicology, and nursing.

Why PUTOR?

* Emphasis on collaboration and interdisciplinary research

- * Culture of excellence
- * Excellent support for teaching
- * Availability of a language laboratory for non-English students
- * e-library facility
- * Uninterrupted power supply
- * Access to electronic learning resources
- * Excellent learning environment
- * Excellent students' support services
- * Uninterrupted learning calendar
- * Dedicated hostel facility for students
- * Local and international internship placements
- * Support for conference participation and research publication
- * Transparent academic governance
- * Partnerships, networks and collaborations – industry, sectors, academic institutions
- * Supportive central university administration
- * Immigration support for international students
- * Scholarship for regional and meritorious Nigerian students

PhD:

Full time PhD – 36 months (minimum) to 48 months (maximum)

Part-time PhD – 48 months (minimum) to 60 months (maximum)

Methods of Instruction

The curriculum is flexible, modular, intensive and premised on developing the knowledge, skills and competences of students from diverse academic backgrounds to becoming industry ready professionals.

Both online and classroom modes of teaching/learning are available with strong emphasis on competency-based learning, self-directed learning and application of a range of technology-based educational applications to enhance pedagogical effectiveness.

Lectures are delivered by renown faculties from universities and industry/sector experts from Nigeria and Abroad. Being an entrepreneurial University, all programmes in the Centre are designed with periods of internship to enhance the development of industry/sector-ready professionals.

Students' dissertations are supervised by multi-disciplinary and highly motivated team of local and international supervisors. Critical logistical supports are provided to ensure that all students complete their dissertations in record time. The Centre also encourage innovations, patents, and commercialisation of research outputs by its scholars.
